Message From The Superintendent

The 2017-18 school year at Four County Career Center was once again tremendously successful. Many students excelled in several areas of Career Technical Education, which allowed Four County to enjoy a terrific school year. We are very proud of how we prepare students for the challenging careers of today and tomorrow. The success at Four County is due to having a staff that is dedicated and passionate about their profession, and students who are focused on taking advantage of a great education. That combination is what makes Four County the best Career Center in Ohio!
