

Driving Simulator Donation

Four County Career Center is proud to accept the donation of the Simulator Systems International ultra driving simulator. This donation was made possible on behalf of Community Initiatives Foundation in memory of Kyle Scott Palmer, a Career Center student that was killed as a result of a car accident in 2005 his senior year. The simulator will be utilized in the Adult Workforce Education Public Safety programs for emergency vehicle operation training and teen driving safety for the high school students during prom time. “Four County Career Center was chosen for this donation because they have shown steadfast dedication to its students and the community. The schools exemplary program in the areas of emergency services has produced emergency responders that have been able to save lives with their skills.” says Scott Palmer, Founder/Executive Director of Community Initiatives Foundation. Shown above gratefully accepting this donation from Mr. Palmer (LEFT) is Adult Education Director, Doug Beck (RIGHT).
