

## Focus on Children

As part of a special Family, Career & Community Leaders of America (FCCLA) project called “Focus on Children,” Early Childhood Education students created, painted and decorated book shelves and presented them to the GRADS parents and children at their holiday gathering. They also collected over eighty-five children’s books and stuffed animals to give to the GRADS students that attend the Career Center. Shown above with some of the toys they collected are (LEFT TO RIGHT) GRADS instructor Julie Mangas; Brittany Medina (Patrick Henry); Nikki Nye (Liberty Center); and Kara Delacerda (Liberty Center).

FCCLA is a national organization for family and consumer science students. FCCLA Advisor for Early Childhood Education seniors is Deb Rezabek.
