

# Myth Busters Science Camp

Four County Career Center recently sponsored a week long “Myth Busters Science Camp” for 6th, 7th, 8th and 9th graders in the four county area. Students had the opportunity to explore the vast areas of the science world from experienced instructors. Students worked on projects throughout the week with their instructors. Shown doing hands-on training in the Chemistry lab is instructor Thomas Berteau with students from the four county area.
