

Job Fair

Staff Management/SMX recently hosted a job fair for Four County Career Center seniors who will be graduating in the next few weeks. Students met with Vivek Kapadia, Solution Deployment Group Manager, and filled out applications for positions with Sauder in Archbold. The Career Center believes that partnerships with area businesses is one way to service the students and assist them in employment following graduation. Beckie Allison, Workforce Development/Job Placement Coordinator, assisted in the job fair.
