

## Make-A-Wish Donation

As part of a special Family, Career & Community Leaders of America (FCCLA) community service project, Four County Career Center's Interior Design class raised almost \$600 for the Northwest Ohio Region "Make-A-Wish" Foundation. The students sold decorated and lighted bottles, and embroidered blankets to raise the money. The students were excited to raise money to help such a great organization that helps so many children. Shown above are (LEFT TO RIGHT) Make-A-Wish Development Intern, Kate Zenone with Development Officer, Ellie McManus receiving the check from Interior Design students Amber Baumgardner (Fairview); and Brianna Hackett (Hicksville).

FCCLA is a national organization for family and consumer science students. FCCLA Advisor for Interior Design is Kathy Delagrange.
