

# Summer Work Experience I

To keep our career and technical training programs up-to-date with state-of-the-art technology, Four County Career Center instructors are eligible to participate in a Work Experience program sponsored by the Career Center. Instructors have the opportunity to participate with a local employer in an internship experience in the career and technical area of their expertise. Following their internship time, the instructors include the up-to-date training methods into their curriculum to give the best possible education to students attending the Career Center. The local internship site is not responsible for wages to instructors during their training. Through these types of partnerships with local businesses, Four County Career Center exists to serve the people of northwest Ohio.

Shown above is Matt Geiger, Software Design & Web Development instructor (SEATED) who had the opportunity to work at Ruralogic in Bryan. Matt is shown working with Joaquin Mendez, Director (STANDING). Matt will utilize his training to help him prepare high school students at the Career Center in the skills that area employers are expecting of new employees in the workforce.

Shown above is Gabe Oberlin, Horticulture instructor (RIGHT) who had the opportunity to work at Ewing Nursery in Antwerp. Gabe is shown working with Barb Secrist, Office Manager (LEFT). Gabe will learn all aspects of the landscaping business to gain knowledge of what area employers are expecting of new employees in the workforce to train the students at the Career Center.
