

Lunch Expos

Students from the Four County Career Center recently hosted a “Lunch Expo” at area high schools presenting the high school students with information and demonstrations about the programs and opportunities available by attending the Career Center. They shared with students how to make the most of their high school years by preparing them to enter the world of work and/or pursue higher education. Programs participating in the “Lunch Expos” include Accounting & Business Management; HVAC & Plumbing; Landscape & Greenhouse Technologies; Powersport Engine Technology; Pre-Engineering; and Sports Fitness & Exercise Science.

Four County Career Center will host a Sophomore Career Exploration Day on December 5 and 6 where all area sophomores visit two career and technical programs and an Open House for the public on January 13, 2014.
