

New Coordinator

Four County Career Center has announced that Ellie Cichocki is now the Job Placement/Workforce Development Coordinator. Cichocki replaces Beckie Allison who retired in June. Cichocki's duties include working with Four County students to begin their careers through job placement opportunities with area employers as well as coordinating 8th grade tours of the Career Center with twenty-two associate and five parochial schools. "The school year is off to a great start with students already on placement and tours scheduled. After working in Adult Education for fifteen years, I am excited to be working with high school students as they begin their careers, eighth graders as they begin to explore career options and continue my work with employers. It's a great match for me," Cichocki stated.

If you are interested in obtaining more information about Job Placement opportunities or eighth grade tours, please contact Cichocki at 419-267-2237 or email ecichocki@fourcounty.net.
