

Industrial Services Assists K of C

As part of their career & technical lab experience, the Industrial Services students at Four County Career Center play a big part in the weekly preparation for the Chicken & Fish Fry Friday at the Archbold Knights of Columbus. Students assist with regular maintenance, table setup, and room and food preparation for the close to 500 weekly guests who stop in from January 9 - April 3 to enjoy the meal. Shown above are Industrial Services students (LEFT TO RIGHT) Tyra Knepper (Napoleon); Charles Howard (Edon); Darren Patterson (Montpelier); Skyler Grosenbacher (Defiance); Cole Rankin (Tinora); Shawn Wyomic (Evergreen); and Nick Eberflus (North Central) getting things ready. Kim Waldvogel, Industrial Services instructor, is appreciative of the partnership that the Career Center has with the K of C in Archbold by allowing her students to use their facility for training for the workplace.
