

# Summer Work Experience

To keep our career and technical training programs up-to-date with state-of-the-art technology, Four County Career Center instructors are eligible to participate in a Work Experience program sponsored by the Career Center. Instructors have the opportunity to participate with a local employer in an internship experience in the career and technical area of their expertise. Following their internship time, the instructors include the up-to-date training methods into their curriculum to give the best possible education to students attending the Career Center. The local internship site is not responsible for wages to instructors during their training. Through these types of partnerships with local businesses, Four County Career Center exists to serve the people of northwest Ohio.

Shown above is Lisa Hall, Interior Design instructor (RIGHT) who had the opportunity to work at the Old Red Barn in Defiance. Lisa is shown working with Linda Fetter, Owner (LEFT). Lisa will utilize the training she received to better train the students at the Career Center the techniques of working with various types of finishes for repurposing and refinishing furniture for resale, and what area employers are expecting of new employees in the workforce.

Shown above is Stephanie Pippin, Veterinarian Assistant instructor (RIGHT) who had the opportunity to work at Nature's Nursery in Whitehouse. Stephanie is shown working with Victoria Fisher, Intern in Pre-Vet from the University of Findlay (LEFT). Stephanie will utilize the training she received to better train the students at the Career Center the proper care of wildlife using exotic medicine, charting, and the proper safety techniques when handling wildlife. Nature's Nursery works with over 2,800 wildlife a year as well as offering educational training programs for students.
