

Carpentry Community Service Project

Four County Career Center Carpentry students recently refurbished park benches in the park by the Napoleon High School as part of a community service project and their lab training. Shown with the finished benches are Carpentry students (LEFT TO RIGHT) Ethan Eberley (Wauseon); Ethin Thacker (Defiance); Brandon Pepple (Hicksville); Adrian Ortiz (Defiance); and Kody Horne (Bryan). Matt Dye, Carpentry instructor, coordinated the project.
