

Fundraising Senior Project

As part of her senior project as a student in the Veterinarian Assistant program at Four County Career Center, Haley Karzynow (Tinora) planned and coordinated a fundraising event for the Fort Defiance Humane Society. At the event, where she raised over \$700, painting classes were offered along with homemade dog treats and dog toys to purchase. Haley is grateful to the Humane Society for their work and dedication to the animals they house. After Haley graduates, she plans on attending college to become a veterinary technician. Stephanie Pippin is the Veterinarian Assistant instructor at the Career Center.
