

Miniature Gardens Displayed at Toledo Zoo

Four County Career Center Floral Design and Landscape & Greenhouse Technologies students will showcase their Miniature Gardens in the Great Hall of the Museum of Science at the Toledo Zoo this coming weekend. As part of the Toledo Zoo's Earth Day Celebration, they will be hosting their Party for the Planet and display the Miniature Gardens. Students showed their creativity as they designed and created beautiful Miniature Gardens for everyone to enjoy. Florence Luzny, Floral Design instructor, and Eric Hite, Landscape & Greenhouse Technologies instructor, coordinated the event.
