

State FFA Degrees

Four County Career Center's FFA Chapter proudly presents FFA members who received their State FFA Degree at the FFA State Convention in Columbus. Receiving his award is Caleb Sager in the Agriculture/Diesel Mechanics program from Fayette.

Those receiving their award are (LEFT TO RIGHT) Kenzie Stein and Marissa Smith, both from Edgerton. The State FFA Degree is awarded to less than four percent of all FFA members and requires the student meeting a set of criteria based on their FFA activities and their Supervised Agriculture Experience program.
