

Summer Work Experience

To keep our career and technical training programs up-to-date with state-of-the-art technology, Four County Career Center instructors are eligible to participate in a Work Experience program sponsored by the Career Center. Instructors have the opportunity to participate with a local employer in an internship experience in the career and technical area of their expertise. Following their internship time, the instructors include the up-to-date training methods into their curriculum to give the best possible education to students attending the Career Center. The local internship site is not responsible for wages to instructors during their training. Through these types of partnerships with local businesses, Four County Career Center exists to serve the people of northwest Ohio.

Shown above is Tim Armitage, Specialized Mechatronics and Robotics Technology instructor (LEFT) who had the opportunity to work at Wauseon Machine in Wauseon. Tim is shown working with Doug Newman, CNC Machinist (RIGHT). Tim will utilize the training he received to train the students at the Career Center in programming simulators to build various projects.

Shown above is Tim Bowers, English instructor (RIGHT) who had the opportunity to work at the Northwest Signal in Napoleon. Tim is shown working with Nolyn Burkholder, Graphic Designer and a 2016 Career Center graduate (LEFT). Tim will utilize the training he received to train the students at the Career Center in journalistic style, newspaper design, and how to gather information as a news reporter.

Shown above is Robin Hill, Health Careers instructor (LEFT) who had the opportunity to work at the Henry County Hospital in Napoleon. Robin is shown working with Ashley Rhoades, RN BSN (RIGHT). Robin will utilize the training she received to train the students at the Career Center in new medications and technology used for charting patients at the hospital.

Shown above is Chris Zacharias, Welding Fabrication instructor (LEFT) who had the opportunity to work at Swanton Welding and Machining in Pettisville. Chris is shown working with Bill Zeiter, Plant Manager (RIGHT). Chris will utilize the training he received to train the students at the Career Center in machining and fabrication skills.
