

# Hurricane Aide

Students in the HOSA Future Health Professionals club at Four County Career Center not only collected over 300 tennis shoes in their “Tennies” for Texas - Put Your Best Foot Forward campaign for the flood victims of the hurricanes, but spent three days assisting volunteers at Impact With Hope in Waterville. Students helped in the packaging of donated items that were loaded on trucks and sent to the many victims of hurricanes in Florida and Texas. These students selflessly spent hours packaging and loading several truck loads of non-perishable food items and cleaning supplies.

HOSA Advisors are Health Careers instructors Donna Badenhop, Robin Hill, Karen Walker, and Sports Fitness & Exercise instructor Mike Nye.
