

# Library Ecard

Four County Career Center and the Napoleon Public Library have teamed together to give every student at the Career Center a public library card. Students at the Career Center are the first to try out the new ecard system and it has been a great success. Napoleon Public Library learned about the ecard system from Lucas County and decided it would benefit the students in Henry County as well. The students at Four County Career Center are excited to have access to the public library system and be able to take advantage of the one-to-one technology through digital downloads from the Napoleon Public Library. Shown receiving her library card from Chris Badenhop, Media Specialist at the Career Center, are students in the English classes.
