

Students Learn About Dispatching

As part of Four County Career Center's Law Enforcement & Security Tactics and Fire & Rescue career and technical education training, students recently had the opportunity to host several guest speakers talking about their careers in Dispatching. They talked to the students about the high importance of their positions in working with county and city police and fire departments.

Shown following the presentation with students are (LEFT TO RIGHT) Abby Weller, Bryan Police Department Dispatcher and Career Center graduate; Dawn Baldwin, Williams County EMA and 911 Coordinator; and Pat Bowsler, Dispatcher for Ohio Patrol Van Wert Post and coach at Edgerton High School.
