

Tennies for Texas

Students in the HOSA Future Health Professionals club at Four County Career Center have responded to the devastation in Texas and are gathering donations of new or gently used tennis shoes in the “Tennies” for Texas - Put Your Best Foot Forward campaign for the flood victims of Hurricane Harvey.

They are collecting the tennis shoes from fellow students and staff at the Career Center but are also inviting the public to bring their donations to the school Atrium on September 5-8 from 8:00 a.m. - 4:00 p.m. Each pair of shoes will include a note to show support of these victims and show the shoe size. ISOH Impact from Waterville has generously offered to ship the tennis shoes to Texas.

Please join the students in supporting the many victims of Hurricane Harvey with this small gesture to stand by them in the devastation.
