

Drug Free Clubs of America

Drug Free Clubs of America was created to help students make wise choices. Its mission is to identify drug free students, reward good choices and empower members with effective prevention tools to keep them on the right track. It is designed as a “full circle” approach to drug prevention. By bringing together school, parent and community efforts, members benefit from an overall positive sense of belonging at school, home and their community.

Four County Career Center is the first school in this area to participate in this program. As the school works to prepare the workforce of the four county area, the issue of being drug-free is especially relevant to us and the employers in the area. The Career Center is teamed up with Promedica from Defiance for all of the drug testing.

Students choose to join voluntarily and become members by paying a membership fee and passing a 12 panel drug test. Everything is kept confidential and when students pass, they are given a photo ID membership card earning them rewards and privileges at school and rewards in the community.

Drug Free Clubs of America is funded through corporate or individual sponsorships and the Career Center is pleased to currently have 14 corporate sponsors supporting these students. For more information on how to join this prestigious group, contact Four County Career Center at 419-267-3331. We appreciate the sponsors and are proud of the students for “Making the Right Choice Easy!”

Shown above receiving rewards for joining Drug Free Clubs of America is (LEFT TO RIGHT) Caleb Stiltner (Bryan) Carpentry; with Ellie Cichocki, Job Placement/Workforce Development Coordinator; and Lindsey Niese, Job Care Coordinator from Promedica in Defiance.
