

Lowe's Toolbox for Education Grant

The Lowe's Charitable and Educational Foundation has awarded a \$4,945 Lowe's Toolbox for Education grant to Four County Career Center in Archbold for Technology Education and Mathematics Focus. The Career Center is one of 608 schools across the United States to be awarded a Lowe's Toolbox for Education grant during its Fall 2018 grants cycle for improvement projects.

With this grant and through the Technology Education and Mathematics Focus, the Career Center was able to purchase desks, stools and calculators for students to use as they continue their education in their career and technical field of study. "Hands-on learning is an important part of our curriculum at Four County Career Center," said Mathematics instructor Brittany Rohda. "We look forward to the new opportunities these items will provide for our students to become more engaged in mathematics."

Since its inception in 2005, Lowe's Toolbox for Education has provided more than \$60 million in grants to more than 13,000 schools, benefiting more than 6 million schoolchildren. Grants are available to K-12 public schools in the United States for a wide range of improvement projects.

Shown above thanking Joseph Wilson, Lowe's representative and store manager at Lowe's of Defiance, are students at the Career Center (LEFT TO RIGHT) Gabriel Bland (Hicksville) Accounting & Business Management; Sydney King (Ayersville) Welding Fabrication; Gabe Caley (Hicksville) Welding Fabrication; Wilson; Brittany Rohda, Mathematics instructor; Devon Williams (Defiance) Fire & Rescue; and Cristina Acevedo (Defiance) Visual Art & Design.
