

Visiting Author

Four County Career Center was thrilled to have author J.F. Spieles visit students who are part of the group Page Benders as they met to discuss his book “Echoes of an Outlaw’s Curse.” Spieles is a Wauseon native and teaches in Englewood, Ohio.

Page Benders is a group of students who meet monthly and discuss books they are reading. These books are supplied by the Literacy Committee at the Career Center and are available free to the students. While Spieles was visiting, students had the opportunity to have him sign their book and talk with him about other books he has had published. The Literacy Committee made the arrangements for the visiting author.
